COFFETEK

The Geneva Range

Presenting the Geneva range by Coffetek, led by the industry leading Geneva hot & cold beverage machine, whether you are serving 5 people or 500 people we have a solution to suit your requirement.

The Geneva Beverage provides a full coffee shop style menu – anything from sophisticated Continental Coffee blends (using either Instant, Freshbrew or Fresh Bean Coffees) to Fresh Leaf Teas, Chocolates, Soups and Cold Drink variations.

Complimented with the Geneva H & B models we are able to offer a complete snack, food & cold drink refreshment solution.

Why Select Coffetek?

Coffetek has more than 30 years experience in the design and manufacture of beverage dispense systems. Our products have been successfully exported throughout Europe and as far afield as the Far East and Australasia. In the UK we have built an enviable reputation for equipment simplicity and reliability achieved through exploiting our experience in product design and innovation. Coffetek is a member of the Azkoyen Group of companies, with origins dating back to 1945. Azkoyen specialise in the design and manufacture of a complete range of merchandising systems. With this combined expertise & resource we are able to offer one of the most comprehensive refreshment solutions in the world.

Coffetek Guarantees

Outstanding quality and reliability. Precise control of product delivery and temperature ensuring the ultimate consumer experience.

Geneva Vend Reliability

Fitted as standard to the Geneva beverage and Geneva H range Coffetek's I-Detect™ guarantees that the selected item is delivered to the customer or their money is returned.

Minimising Impact on the Environment

Coffetek is committed to minimising the impact of its activities on the environment. The Geneva beverage range has an advanced power management system which reduces power consumption during low-use periods.

GENEVA BEVERAGE

The Geneva beverage machine provides coffee shop quality beverages which are pre-selected through an intuitive user interface, incorporating a large LCD screen and positive feel keypad. Available in a choice of colour schemes the Geneva provides a full coffee shop style menu – anything from sophisticated Continental Coffee blends (using either Instant, Freshbrew or Fresh Bean Coffees) to Fresh Leaf Teas, Chocolates, Soups and Cold Drink variations.

- I-Detect – providing a guaranteed vend, I-Detect also allows the user to place their own cup, automatically detecting the cup and dispensing the drink
- High capacity cup system dispensing plastic or paper cups
- Internal stainless steel panelling – durable & easy to clean
- Jug facility – providing beverages for those all important meetings

GENEVA PLUS

The Geneva Plus offers ultimate capacity and flexibility from the same compact footprint as the standard Geneva.

High capacity option – up to 1100 cups eliminating sold out situations for busy locations and 24 hour operations.

Two cup types \ sizes – providing flexibility & choice the Geneva Plus is able to offer the user a choice of cup types and sizes – paper & plastic. The Go-Large button offers the consumer the option of a larger drink.

GENEVA H

GENEVA B

The Geneva H & B models complete the Geneva range offering snacks, confectionery, sandwiches and cold drinks. Styled with Geneva black or Geneva blue branding the Geneva range will compliment any location.

GENEVA H

Available in the four configurations detailed below the Geneva H has a specification to suit all requirements.

Supplied in a dual zone format the Geneva H is able to dispense cold drinks as well as a range of sandwich and food products*.
